1. Wanner: Teaches in the Manufacturing Department and for The Customized Training Department within industry. Instructional skills include courses within CDT, CWE, MFG, WLD, FRP. Outreach in manufacturing includes needs assessment, consultation and training/curriculum development. Participate in discussions on behalf of manufacturing training; Represent CCC manufacturing training/education to the Willamette-Columbia Workforce Collaborative; Provide contracted manufacturing classes for industry; Advise on industry solution package development in manufacturing.

2. Akini: Responsible for making contact with business and industry and following up with appropriate instructional departments of the college to design and deliver classes and programs. This is a non-teaching faculty position. This position also advised students, approves transcripts on behalf of department chairs, and works with employers and corporate universities on the entire CCC <sup>3rd party instruction</sup> ~~transcripting~~ process. Teaches about 12 credits per quarter. <sup>PT</sup>
