*You do not need to be a degree seeking student to take our credit courses!
Take one or many!*

Love the idea of working outside in a growing, hands-on field?

If you are looking for a career that combines art and science, as well as a balance between physical and intellectual work, CCC offers four areas of plant study that can get you out of the office and in contact with nature. CCC's horticulture department includes **arboriculture, horticulture, landscape and organic farming** programs.

Degree options and their requirements can be found on our department webpage at www.clackamas.edu/horticulture

For additional information, please contact us at horticulture@clackamas.edu

Tidbits:
